*Bookings required. Please book at our reception or call 5295 1990 - numbers are limited. If you can't make it, please let us know. Subject to change. All activities will take place on (or leave from) the oval unless otherwise stated. No activities on fire danger days.

ACTIVITIES

BUSH TUCKER (PLANT ID)

Everything green growing around the campground and along the coast is not 'just a plant'. There are hundreds of different types of plants here all with names and stories you can discover. Some have leaves you can put straight in tonight's burger. Others have berries that might be sweet and ripe to try. Come along and find out about nature's food supply.

ROCKPOOL RAMBLE

A world unlike any other, able to be explored only during the low tide and home to some of the most interesting creatures on the planet. Come and tickle a crab or touch a seastar, wear something better than thongs though or you might fall in!

THINGS UP CLOSE

We have a super powerful microscope and we're not afraid to use it. Find something cool and bring it along for us to look at: they all look incredible when seen – Up Close!

STARGAZING

The opposite of our super powerful microscope is our super powerful TELESCOPE. Amazing views of the moon and stars are on offer, if there are no clouds!

BIOBLITZ

A new activity for budding biologists or just those who are super keen about the natural world. This is where we find everything we possibly can that is alive, take its picture, upload it to the internet and become the best citizen scientists we can be.

STORYTIME

Time to relax while we tell you a story. It could be one from our Rangers memories or perhaps one from your favourite bedtime story book.

BIRDWATCHING

Grab your pair of binoculars or borrow some of ours and come and start your list of birds. We have birders from all over Australia come to this coast to see some of our local birds. Once you have caught the birdwatching bug you will realise it is like the biggest treasure hunt you have ever been on that lasts your whole life!

NINJA WARRIOR COURSE

A super fun course filled with quads steps, a balance beam, a vault, jumping obstacles, commando crawl tunnel and inflatable beat the wall. Suitable for ages 12+.

KELLY SPORTS

Kelly Sports will provide a range of fun games and activities for ages 4-11 that develop children's fundamental sporting skills in an environment that encourages children to give sport a go!

FOOD TRUCKS

Take the night off from cooking and choose from a range of tasty street fare, right in the park.

CAMPER CONVERSATIONS

Drop in for a chat with senior management to discuss caravan park operations.

Follow us on Facebook for updates and tag your Instagram photos with #angleseacaravanpark to be featured!

WILDLIFEXPOSURE DISPLAY

A live interactive animal display is the perfect opportunity to safely smile at a crocodile, cuddle a dingo, drape a python around your neck, stare in to the eyes of an owl or laugh with a kookaburra. Whilst learning about some of Australia's amazing creatures and the types of environments they are found in, there will be lots of opportunities for photos and selfies with the animals.

WILDLIFEXPOSURE INTERACTIVE PRESENTATION

Encounter unique animals from around Australia - mammals, birds, marsupials, amphibians and reptiles. Interact with owls, lizards, turtles and frogs, confront non-venomous pythons, hold hand reared gliding possums or pat a crocodile in this 1 hour interactive native animal presentation. Learn about the types of environments each animal lives in and what they like to eat and lots of other amazing facts.

BUBBLE SOCCER

Bash, bump and roll in a fun, full-on and full contact game of soccer. Must be 13+ to play. A parent/guardian must sign a permission form at the time of booking.

SEASIDE SAFARI

Local church volunteers will be running this fun and interactive themed program. Please ask reception for the detailed program.

Please wear your hat, sunscreen and shoes to all activities.
