

Campfires

Campfires are restricted to part of the 'Under the Stars' Birthday Party at Anglesea Family Caravan Park only. Camp fires are not permitted within the caravan park for any other guests.

If you are/have booked an 'Under the Stars' birthday party, please read the following regulations before lighting your campfire:

- We will deliver the fire drum and a bag of firewood to your site. Please discuss with our friendly reception staff.
- You can't bring your own firewood, it must be purchased from the park.
- When it is time to depart, you simply leave your drum and we collect & dispose of the ashes.
- Campfires are allowed from April – November (Excl peak dates), except on total fire ban days declared by the CFA. We will notify our guests when total fire ban has been declared. At management's discretion, some days will be declared as a "no campfire day" due to severe weather warnings or special events.
- Firewood must be contained within the fire drum. No long/large wood to be hanging out of the drum. Flames must be no more than 50cm above the height of the drum.
- Fires cannot be left unattended at any time and fires are to be distinguished before going to bed! Last logs on at 10pm and ALL fires to be out at 11pm. A bucket will be provided and has to be filled with water and placed within 1 metre of the fire drum.
- Children must be supervised by a responsible adult at all times.
- No chainsaws are to be used in the park.
- Firewood to be ordered before 5pm.
- Management reserves the right to collect your fire drum at any time without prior warning if you do not oblige by these rules. No refunds will be given.
